LIMITED EDITION SPECIAL ROAST WINTER OAK

The Special Roast Series by BOMBrewery is a series of experimental beers. Every special roast is based on one special roasted ingredient that lends the beer a unique taste and character. For the Winter Oak, Bert Van Hecke roasted Belgian grown American white oak at different temperatures, giving the beer a powerful vanilla bourbon touch and majestic character.

Serving tips

Sniffer, Triporteur glass

Aging potential

The Winter Oak will age to perfection. The oxidation of the wood tannins over time will make this beer rounder without losing complexity.

Food pairing
